

Definitions of Eligibles and Recipients

Potential Eligibles

Potential Eligibles are individuals who potentially qualify for Medicaid but have not applied. It is typically an estimate based on census or other demographic data.

Annual Eligibles

An unduplicated count of individuals who qualified for full or partial Medicaid coverage and were enrolled in Medicaid for at least one month of the fiscal year.

Annual Recipients

An unduplicated count of Medicaid eligibles who received at least one medical service that Medicaid paid for during the fiscal year. This count excludes SLMB and QI-1 recipients who only receive the benefit of having their Medicare Part B premiums paid as well as those eligibles whose third-party payer covered their medical costs resulting in a zero payment by Medicaid.

Monthly Average Eligibles

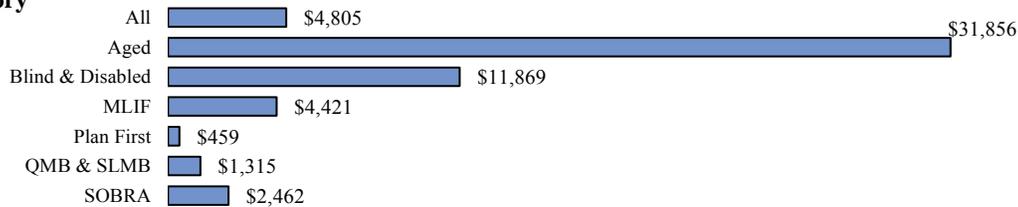

An arithmetic average of the unduplicated number of individuals who qualified for full or partial Medicaid coverage in each month of the fiscal year.

Monthly Average Recipients

The arithmetic average of the unduplicated number of Medicaid eligibles in each month of the fiscal year who received at least one medical service that Medicaid paid for during the month. This excludes SLMB and QI-1 recipients who only receive the benefit of having their Part B premiums paid.

FY 2012 Annual Cost Per Eligible for Medical Care ¹ By Category, Gender, Race, and Age

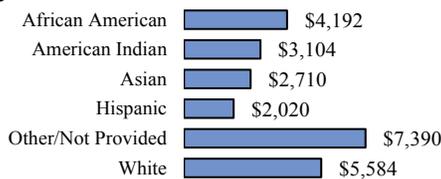

By Category¹

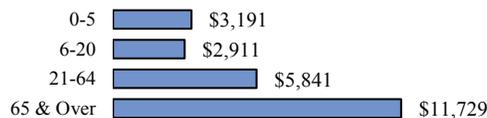

By Gender

By Race

By Age

¹ The annual cost per eligible is calculated based on unduplicated annual eligibles. The cost excludes administrative costs and encumbrances and payables at the end of the fiscal year. The annual cost per eligible per year using monthly average eligibles and total Medicaid expenditures was \$5,925 in FY 2012.
